RECITAL INFORMATION FOR TEACHERS

- Student recitals are open to any age or level of student of any branch member.
- Recitals may be divided into two or more segments depending on number of entries and level of participants, at the discretion of the Recitals Co-ordinator. Program details of individual recitals are notified after the entry deadline; teachers are responsible for communicating these with their families. Printed programs will not be available at the recital.
- All accompaniments should be live and acoustic.
- Memorization is encouraged but not required; teachers have discretion about this.
- Teachers or students requiring additional equipment (stools for small performers, e.g.) should bring it with them; a piano lamp will be provided.
- Teachers are responsible for all communication between their students and the Recitals Coordinator.
- The recital series is a co-operative opportunity for members and their students. Unless the Recitals Co-ordinator has agreed otherwise for exceptional reasons, teachers must be available to help supervise and are expected to remain until the end of the recital segment in which their students are participating. Duties of teachers (shared amongst participating teachers and assigned by the Recitals Co-ordinator) include setting up the venue, monitoring health protocols, greeting students and families, emceeing, altering the piano lid, and restoring the venue for church use.
- The piano is not available for students to play ahead of time unless prior arrangements have been made with the church office.
